## A message from Mr Wright

What an amazing few weeks! Thank you to all our parents who attended our recent sports days – they were a huge success and thankfully the weather held out. Thank you to Mrs Toner, Mr Berry and Miss Hackney for putting so much hard work into organising this.

Children's reports were sent out today and we are so proud of how much everyone has achieved this year. SATs results have also been sent out and I am extremely pleased that the children's hard work has paid off. Our Year 6, who are soon to be leaving us, have demonstrated how ready they are for their next steps at high school.

Last week Year 3 Poplar class performed at the Feast of Choirs Concert at the Liverpool Anglican Cathedral. They were incredible! Not only did they sing beautifully but I'll never forget some of the dance moves I saw that night! Thank you to all the staff who made a memorable night possible. Finally, thank you to all the parents who attended our 'Class Visits' yesterday – another great event!

## Rights Respecting School...

This week's article links in perfectly with our singing concert at school on Thursday. Article 31 allows every child to have the right to take part in a wide range of cultural and artistic activities. Year 2, Year 3 and Choir sang their hearts out- Fantastic!

## Safeguarding & Welfare...

**WATER AWARENESS-** Make sure your children are aware of the dangers of swimming in canals, ponds and rivers. The temperature of inland water does not vary much throughout the year. The water in Britain is still very cold in the spring and summer people can quickly become affected by the cold putting themselves into difficulties, tragically too many children drown every year. Swimming should always be confined to a supervised pool with life guards.

## The Big Interview...

This week's interview focuses on our PE Apprentice... Miss Hackney

### What do you like about working at Meadowside Primary School?

*I enjoy working with the children because they are enthusiastic about sports and eager to learn new things. The staff work well as a team and are very inclusive. Everyone is really helpful and great to work with.*

### What are the key qualities to your job role?

*To teach PE you have to be very enthusiastic and able to motivate the children. You have to have a lot of patience and an ability to identify children's qualities in order to encourage them to progress.*

### What are your hobbies/interests?

*I really enjoy sports, in particular I like to play netball at Birchwood. I also like socialising with my friends.*

### What is your proudest achievement?

*When I was in High School, I was selected to play football for the Everton Girls Team! I was only in Year 7 but I remember feeling a sense of achievement.*

Interviewer: **Kirsty Allison Y3**

## Other News

Meadowside is part of the Warrington Children's University and over the year all the children's learning experiences outside of school hours are calculated. At the end of the year, children who have completed 30 hours of extra learning, participating in after school clubs were invited to a special graduation celebration at St Elphins Church in Warrington. The children received a special certificate and looked really smart dressed in their cap and gown! We were so proud of all the children who graduated this year and look forward to continuing with this project next year.

Thank you also to everyone who has supported the Bake Sale over the past few days, your continued support in all our fundraising events is very important to us. Year 6 will also be invited to a final school disco and BBQ on Monday 24<sup>th</sup> July after school.
